## TERMS AND CONDITIONS

### INVOICES

Invoices are issued upon dispatch of goods and are provided via email.

Written notice of any claim concerning invoice, pricing, quantity, quality of packing or condition of goods must be received by Senor Tech within 14 days of the goods being delivered.

### PAYMENT TERMS

Terms are strictly PREPAID unless a credit account has been applied for by the customer and approved by Senor Tech in writing.

TITLE AND PROPERTY OF GOODS SHALL NOT PASS UNTIL THE GOODS HAVE BEEN PAID FOR IN FULL OR IN CASE OF PAYMENT BY CHEQUE, UNTIL THE CHEQUE IS DULY HONOURED.

### PRICES and SPECIFICATIONS

All prices and specifications are subject to change without notice and are quoted in Australian Dollars, excluding GST, insurance, freight and installation charges unless stated otherwise.

Senor Tech may vary pricing in line with any movement in exchange rate, purchase price or any other factor considered as significant by Senor Tech.

### WARRANTY

Warranty ranges from 12 months to 36 months on all hardware items. Please refer to the Senor Tech Limited Warranty Terms and Conditions document on our website (<http://senortech.com.au/pages/warranty>) for further details.

Parts warranty vary; please refer to your Account Manager for details.

### WARRANTY POLICY

The following statements should be read in conjunction with the Senor Tech Limited, Extended and/or On-Site Warranty documents as provided on our website.

Senor Tech offers a standard 36 months return-to-base (RTB) warranty for our POS units with some exceptions; please refer to the table below for full details:

Optional extended warranty for a further 12-24 months is available for purchase. An on-site service is also available for a premium on weekdays between 9am-5pm, within a 24-hour response time. A complete list of sites must be provided beforehand so service technicians can be arranged. Other options of on-call and response times are also available.

1. The standard return-to-base warranty provided by Senor Tech is limited to the repair of faulty items at our discretion, including the following:
  - a. The system unit including internal components such as (motherboard, power supply, hard drive, I/O controller)
  - b. The monitor
2. This warranty is not transferable should the goods be on-sold by the purchaser unless the purchaser is an authorised Senor Tech reseller.
3. The warranty does not cover claims in any way arising out of abnormal use, misuse or abuse of the equipment. All warranty repairs or upgrades which include opening the computer, monitor, printer and scanner cases must be carried out by Senor Tech or a nominated service technician.
4. Computer components not purchased from Senor Tech and/or not installed by Senor Tech or its authorised resellers, **are specifically excluded from this warranty. Those items are covered by their respective manufacturer's warranty.** The warranty does not cover computer mouse, backup devices ZIP, Jaz drives etc., DVD, CDR, peripheral consumables, and AC/DC adapters/rechargers, nor any software items existing or new whether supplied or installed by Senor Tech or a third party.
  - a. Any accidents relating to or in any way arising out of the use of equipment which was not supplied by Senor Tech but which has been attached to or incorporated in the system or any of the external devices themselves (printers, scanner etc.) may render the warranty of the Senor Tech equipment void.
5. Senor Tech is not responsible for any loss of data or productivity in relation to any unit failure.
6. If you wish to make a warranty claim, please contact your account manager or the service department at Senor Tech.
7. **A similarly configured replacement unit may be supplied by Senor Tech as an "Advance Replacement" in the case that the existing system needs to be removed from the site (i.e. Swap out service).** Note that additional charges may apply for this service, and in the event that the original item is not returned within a reasonable timeframe, Senor Tech is entitled to recoup for loss and administration charges.

#### RETURN MERCHANDISE AUTHORISATION REQUEST

1. Goods to be returned for service request **MUST** receive an authorisation reference number beforehand. To make a warranty claim, complete a RMA request form on our website (<http://senortech.com.au/pages/rma-request>) or contact a Senor Tech authorised reseller. All legitimate warranty claims will be dealt with promptly and returned; freight responsibility is subject to the provision under Shipping.
2. It is the customer's responsibility to arrange for freight of the goods to Senor Tech. Note: The fault must be properly documented and serial number of the faulty item provided. Description such as "dead" or "broken" will not suffice.
3. ALL GOODS RETURNED TO BASE MUST TRAVEL IN ORIGINAL OR ADEQUATE PACKAGING. ANY REMOVAL OF NUMBERED LABEL FROM THE SYSTEM UNIT OR ANY OF ITS PARTS SHALL VOID THE WARRANTY. Goods returned not under the above-mentioned conditions will not be accepted for warranty repair and may incur a re-packaging fee.
4. Goods incorrectly sent or found to be in working order after initial inspection will incur a handling fee. Please contact our Service Department for rates on fees applicable.
5. All goods returned to Senor Tech must be correctly labeled with the RMA reference for identification purpose. Lack of correct reference may cause delay in the service process.

## GOODS RETURNED FOR CREDIT

Goods to be returned for credit must be requested and agreed to in writing prior to goods being returned to Senor Tech. Freight and administration charges are not refundable and a restocking fee of up to 20% may be chargeable for change of mind or unsuitable returns.

All goods returned to Senor Tech must be correctly labeled with the Credit reference for identification purpose. Lack of correct reference may cause delay in the service or credit process.

## SHIPPING

The table below details the parties responsible for cost of freighting the hardware during specific periods in the Warranty Period.

The Warranty Period does not apply where the warranty on the Senor hardware is voided.

### Freight Responsibilities

Time Period	Senor	Customer
Month 1 to Month 3	Both Ways	N/A
Month 4 to Month 12	To Customer	To Senor
Month 13 Onwards	N/A	Both Way

1. Where Senor is responsible for freight, method will be by road (domestic) or air (international).
2. If the customer requires an express freight service, they are free to do/request so at their cost.
3. It is strongly recommended that freight insurance be taken out on any freight.
4. Prior to returning a repair back to Senor, the item must be correctly packaged. The item may be returned in a Senor box fitted with proper protection (i.e. foam, bubble wrap etc.).
5. Customers will be liable for any damage obtained whilst in transit. For protection against damage, customers are advised to purchase a Senor box which is insured for any damage obtained during transit. The cost of a Senor box is \$20.00 ex GST, plus freight. This may be purchased prior to sending items in for repair.
6. Customers may choose to send their items in a non-Senor box; however, if physical fault occurs during transport, the customer will be held liable for the damage. Pictures will be taken and sent to the customer for own insurance claim.
7. A repackaging fee may apply if original carton/ packaging is not used.
